TUBES

## SUCCESS STORY OVERVIEW

For Evergreen Racquet Club in Bloomington, IL, upgrading the lighting in their facility meant more than just saving energy—it meant creating a **better experience for members**. With tennis and pickleball at the heart of their community, Evergreen wanted a solution that would brighten common areas, improve visibility, and reduce costs without straining their budget.

Through the Free LED upgrade program offered by OEO Energy Solutions—and funded by Ameren Illinois incentives—**Evergreen was able to install new lighting throughout their offices, lobby, and locker rooms** while matching the clean, bright lighting already on their courts.

## TESTIMONIAL

*“We are very thankful for OEO and the Chamber of Commerce for initiating and supporting this program! Not only is it helping us save in energy costs, but it has given us brighter common areas that match the clean lighting on our tennis and pickleball courts.”*

— Colleen Curran, General Manager, Evergreen Racquet Club
