

HIGH BAY LED FIXTURE

OEO Super High Bay

The OEO Super High Bay fixture is a premium LED option with patented optics designed to eliminate glare and deliver previously wasted lumens on target, resulting in 1.6x higher luminance on center and 2x higher luminance at the edge. The passive heat sink makes this a great product for applications with harsh conditions. This incredibly lightweight product enables easy installation. Bluetooth network controls available.

FEATURES

- Superior optical distribution provides better lighting with less energy consumption
- Reduce energy usage by 50-75%
- Robust design with passive heat sink make this an ideal high bay for harsh conditions
- IP65 rating for dirty and wet environments
- Long life LED: 50,000 hours, 5 year warranty
- Patented optics minimize glare and wasted light
- Direct wire 110-277V
- Occupancy and daylight harvesting - OPTIONAL
- Bluetooth network controls - OPTIONAL
- DLC 5.1 - rebate eligible

APPLICATIONS

- Warehouse
- Manufacturing
- Machine shops
- Welding shops
- Paper & packaging converters
- Gymnasium

CERTIFICATIONS

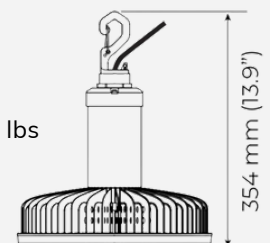

SPECIFICATIONS

- **POWER:** 110-277V
- **ENERGY SAVINGS:** 50-75%
- **BEAM ANGLE:** 100° Distribution
- **OPERATING TEMP:** -40°F to 122°F (105W up to 149°F)
- **CCT:** 5000K Standard, 4000K Optional
- **START UP:** Instant On/Off, Instant Re-strike
- **ENVIRONMENT:** Dry and Wet Locations
- **CONTROLS:** Optional occupancy sensors, optional bluetooth network controls
- **ADDITIONAL OPTIONS:** Uplight accessory, diffuser, prismatic dome
- **WARRANTY:** 5 years / 50,000 hours
