

FEATURES

- **Customize your lighting** - Choose an LED lamp that best fits your high-bay lighting needs
- **Never buy a new fixture again** - Enjoy easy, tool-free LED upgrade
- **EZ-Base with E39 mogul socket** - Simply screw in the LED lamp for quick installation
- **Versatile mounting** - Comes with single hook mount; remove the hook for a 3/4" NPT threaded mount for fixed pipe installation
- **Standard 6 foot power cord** for fast and simple setup
- **16" prismatic polycarbonate reflector** - simple twist lock assembly; optional aluminum reflector upgrade available
- **Fully upgradable design** - Simply screw in replacement LED lamp at end of life to save time and money (avoid costly fixture replacements)
- **Sensor-ready options** - OEO lamps offer optional occupancy sensors, daylight harvesting, and Bluetooth network lighting controls
- **DLC 5.1 compliant lamps** - Eligible for utility rebates

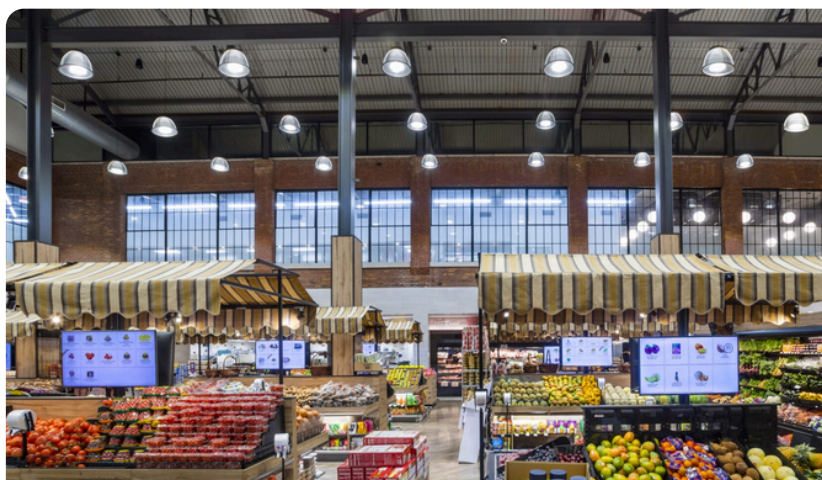

APPLICATIONS

- Warehouse
- Manufacturing
- Big Box Retail
- Convention Centers
- Airports and Airplane Hangars
- Lobbies, Entryways, Atriums, Gathering Spaces

OEO LAMP READY HIGH BAY FIXTURE

The **OEO Lamp-Ready High Bay Fixture** delivers the classic dome style appearance of a traditional HID fixture with the modern efficiency and flexibility of LED technology. This upgradable design lets you replace only the LED lamp—no need for future electricians, rewiring, or full fixture replacements. Simply swap in a new lamp and keep the system performing at its best. Pair it with an **OEO LED Lamp** for a powerful combination of performance and versatility. Its sleek, durable design makes it ideal for industrial, commercial, and retail environments seeking a bold, refined look. Best of all, when the LED lamp eventually reaches end of life, you can upgrade it in minutes—saving time, reducing costs, and cutting down on waste.

SPECIFICATIONS

- **OEO EZ Base** - E39 mogul socket, 6 foot power cable 18 AWG, single hook mount (remove for 3/4" NPT thread mount)
- **REFLECTOR / DOME** - 16" polycarbonate prismatic reflector, simple twist lock assembly to EZ Base
- **LED LAMP** - Select from OEO High Bay Series LED lamps (sold separately)
- **OPTIONS:** Aluminum reflector, wireguard. Lamp options include Bluetooth controls, occupancy and daylight sensors.

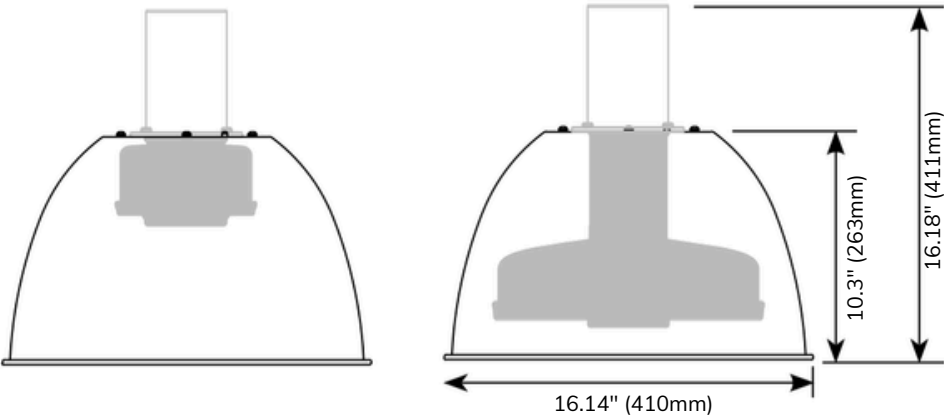

**** LED lamp sold separately**
