

## FEATURES

- Bundle includes pendant mount canopy with E39 socket, twist-snap 7" diameter cosmetic aluminum cylinder, and LED lamp
- LED Lamp options up to 7,000 lumens, 156 lumens per watt. Long life LED rated over 50,000 hours
- Color temperature option include 3000K, 3500K, 4000K and 5000K
- Low glare patented optics (UGR < 18)
- 7" cylinder reflector with snap-in quick connect to pendant mogul base, 6 foot power cable, and canopy mount
- Upgradable Luminaire - Simply screw in OEO Super Hybrid LED lamp to E39 mogul base socket
- Avoid costly luminaire replacement - easily upgrade LED lamp once it reaches end of life
- Options: occupancy / motion sensor cap, Bluetooth network lighting control cap
- Available in black or white
- DLC 5.1, rebate eligible

## APPLICATIONS

- Lobby, Entryway, Atrium, Gathering Spaces
- Retail and Supermarket
- Theater
- Church
- Convention Centers
- Airport Concourse

## DECORATIVE PENDANT FIXTURE

Elevate your space with our Industrial Decorative Pendant LED Assembly, designed to combine high performance with modern elegance. Featuring a stylish pendant mount E39 socket, light canopy, and cylindrical reflector bundled with our energy efficient Super Hybrid LED lamp, this combination offers an ideal blend of form and function. Its sophisticated design makes it perfect for industrial, retail, and commercial spaces seeking a bold yet refined look. Best of all, when the LED eventually reaches end of life, you can easily upgrade the lamp without replacing the entire fixture—saving time, money, and reducing waste. Transform your environment with a lighting solution that's as practical as it is transcendent.

## SPECIFICATIONS

- **BUNDLE:** Pendant mount EZ Base (E39 mogul socket) and canopy, cosmetic aluminum black cylinder, super hybrid LED lamp
- **HYBRID LAMP:** Operates on direct line voltage 100-277V (Type B) AND works with magnetic HID ballasts (Type A)
- **WATTAGE & LUMENS:** 30W / 4,000LM or 45W / 7,000LM
- **CCT:** 3000K, 3500K, 4000K or 5000K options
- **BEAM ANGLE:** 90° Distribution
- **EFFICACY:** 156 lumens per watt
- **OPERATING TEMP:** -22°F to 122°F
- **OPTIONS:** Bluetooth wireless controls, occupancy & daylight sensor, available in black or white
- **WARRANTY:** 5 years

## Super Hybrid LED Lamp

LED equivalent of 100W to 250W HID lamps. Upgrade hard-to-reach areas like recessed cans in soffit and canopies. Equal brightness up to 250W metal halide, 450W incandescents, or 300W halogens. Versatile product, type A+B lamp is simultaneously ballast compatible (Type A) and will operate on direct line voltage 120-277V (Type B).

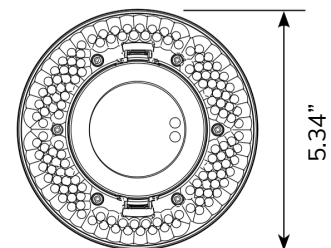

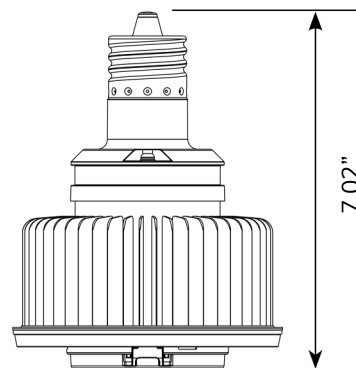

### FEATURES

- Ballast compatible or ballast bypass LED Lamp (Type A+B)
- Superior optical distribution provides optimal light level and increased energy savings
- Reduce energy consumption by 50-75% compared to traditional HID, halogen, or incandescent lamps
- Robust design for harsh conditions
- Passive heat sink for dusty, dirty environments
- Long life LED: 50,000 hrs; 5 year warranty
- Low glare optic design
- DLC 5.1, rebate eligible (45W, E39 base only)
- Occupancy and daylight harvesting option
- Bluetooth network lighting control option
