

## OFF-GRID SOLAR FIXTURE

# Display Light (SDL)

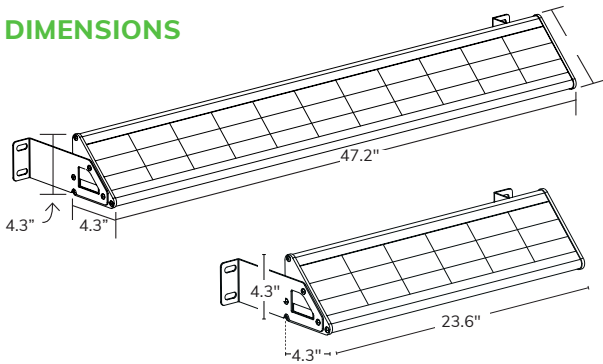

All-in-one design with solar panel, light engine and battery built into the fixture. No need for a power source, which eliminates the need for wiring and trenching. The perfect luminaire for signage, billboards, advertisements & more.

### FEATURES

- Completely off-grid, no need for wiring or trenching
- All-in-one design, the solar panel and battery are built right into the LED fixture
- 4 hours of 100% brightness, then 25% remainder of night with one charge
- Advanced new LiFePO4 replaceable battery will last at least 2000 charge cycles
- Perfect for signage, billboards, advertisements and walls
- Standard bracket included, optional clamp mount bracket available
