

OFF-GRID SOLAR FIXTURE

Mini Wall Pack (SWL)

The Solera Solar Mini Wall Pack light features an all-in-one design. The solar panel and battery are built into the LED fixture. No need for a power source, which eliminates the need for trenching or wiring. The Solar Wall Pack Light has a built-in LED energy indicator.

FEATURES

- Comparable to 150 watt HID
- Completely off-grid, no need for wiring or trenching
- All-in-one design with solar panel, light engine and battery built right into the fixture
- Fixture features three operating modes, PIR motion sensor, timer, and full brightness
- Lithium Ion battery lasts over 1,500 charge cycles
- 4W LED fixture comparable to 35W Halogen fixtures.
- 3 modes including, PIR Motion Sensor, Timer and Full Brightness.
- LED indicator shows the nights remaining on the current charge
- Perfect for illuminating doorways, walkways, railings, and more
