

**HEAVY DUTY
FIXTURE IS 160 LPW
IN HIGH BAYS**

FEATURES

- Outstanding brightness, 160 LPW, means more light output and less energy draw
- IP67: durable, tough construction for heavy duty applications
- Long life with low maintenance
- Lightweight, easy installation
- 90,000 hours rated LED life
- 5 year warranty
- Fast ROI payback
- Rebate eligible
- Multiple beam angles for best light distribution
- 30 day money back guarantee

APPLICATIONS

- Heavy Industrial Manufacturing
- Warehouse/Distribution Centers
- Paper and Textile Plants
- Steel and Iron Mills
- Airplane Hangars
- Water Treatment Plants

CERTIFICATIONS

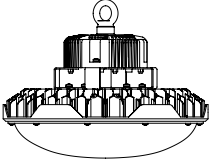

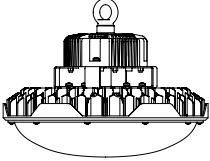

OVERVIEW

Built to last, Apollo is IP67, a durable LED fixture with 160 lumens per watt, meaning more light and less energy used when compared to other fixtures. It distributes light specifically where needed and is totally resilient to dust and dirt, all while maintaining brightness and light uniformity.

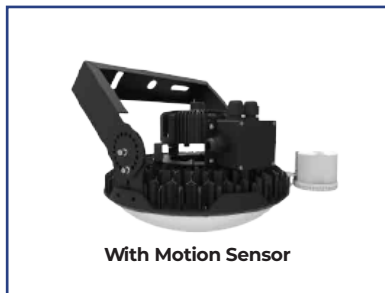

ROI SAMPLE		
LED	VS	HID
 150W		 400W + 400W + 400W + 400W
Cost to Operate \$0.136 per kWh / 90,000 Hours		
\$1,840		\$5,617

**OEO APOLLO SAVES
\$3,777**

PRODUCT SPECIFICATIONS

PRODUCT NAME	WATTAGES	REPLACES	LUMENS	DIMENSIONS	CCT	CRI
 OEO -AP-100	100W	250W-400W HID	16,000 Lm	12.6x12.6x7.9"	5000K	≥80
 OEO-AP-150	150W	400W HID	24,000 Lm	12.6x12.6x7.9"	5000K	≥80

MOUNTING OPTIONS

- **Efficacy:** 160 lumens per watt
- **Powered By:** 110V to 277V (347V-480V available)
- **Energy Savings:** 75+%
- **Operating Temp:** -22°F to 113°F
- **Start-up:** Instant on/off, instant restrike
- **Beam Angle:** 100W has 120° standard, 150W has 60° standard
- **Sensors:** Yes, optional and compatible
- **Fixture Material:** Aluminum Alloy
- **Dimmable:** Yes
