OVERVIEW

OEO offers multiple varieties of LEDs to replace your fluorescent tubes. Our LEDs are affordable, reliable smart alternatives to inefficient T5, T8, and T12 fluorescents. You can retrofit your current fixtures two ways:

OEO EZ LED

- Direct Replacement
- Type A
- Ballast Compatible
- Simple Plug-n-Play

OEO LED AC CONNECT

- 120-277v Line-Driven
- Type B
- Ballast Bypass
- Eliminate Ballast Maintenance Forever
